13 November 2020

DEUTSCHE TELEKOM IT SOLUTIONS

# **Deutsche Telekom IT Solutions is discovering, involving and supporting young talents to shape our world.**

**Our life is in constant change. DT-ITS is committed to supporting that change by providing effective solutions for our customers and partners in their everyday challenges. We are looking for opportunities to collaborate with universities, institutions and companies within the EU.**

## **Join us!**

**We are seeking university students, creative startupper and innovative minds who have fresh ideas that could make a difference but are lacking financial or professional support. DT-ITS will support them to take the first steps.**

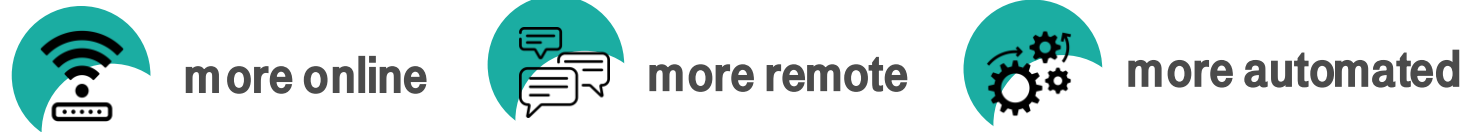

# A different world is already work in progress

THE WORLD AROUND US IS CHANGING.

THE PANDEMIC IS FORCING US TO MOVE FORWARD.

The way we do things is becoming:

We count on **your students** to create something innovative for the **new world!**

# We challenge you to bring your best ideas!

Deutsche Telekom IT Solutions is inviting students to an **online idea challenge**.

Participate from wherever you are and **submit your solution** to any real life issue in one of four categories.

Each category winner will receive a **valuable award** and a **potential business opportunity** from DT-ITS.

**BECOME A MEMBER OF OUR GLOBAL INNOVATION NETWORK!**

DEUTSCHE TELEKOM IT SOLUTIONS

# Innovative ideas

## Solutions for the future

We are looking for innovative solutions which are realistic and sustainable in the long run in the following four categories:

### EDUCATION\*

- New methods of teaching remotely
- Avoiding a confusing landscape of multiple learning tools
- Ethical education: how to keep the rules at home?

### SOCIAL\*

- Volunteering: helping your neighbors and local community
- Rebuilding a transformed social life
- Entertainment in the online age: concerts, festivals, sports events

### HEALTHCARE\*

- Remote diagnosis
- Online medical advice
- Keeping safe in hospitals
- Aiding the collective mental recovery of mankind

### ECONOMY\*

- New ways to reuse unused offices
- Solutions to support the gig economy
- Changing the 5 day work week paradigm
- Supporting small enterprises and farmers

# See you online in November 2020!

## Book your free seat at our online table!

Registration: [www.deuschtelekomitsolutions.hu/futurebuild/](http://www.deuschtelekomitsolutions.hu/futurebuild/)
